"Little Hands, Big Achievements"

“Learn from yesterday, live for today, hope for tomorrow. The important thing is not to stop questioning.”

- Albert Einstein

Words from Juan: "I have loved working with Personal Touch Therapy since the first day I joined the team. I love that I don't have to wake up at 4 am to get to work by 5 am, or the fact that I didn't have to wash dishes for 7 hours straight making my hands look deformed. I'm looking forward to growing along with the company."

The Spotlight

Juan is our Patient Care Coordinator and has been with Personal Touch Therapy for 2 years in October. Juan says that although he may not have much personal experience with speech therapy, it is nice to know that he is a part of something that helps people get the help they need.

Juan was born in Brownsville, TX but grew up in Houston. He has only one sister, but plenty of cousins that are much like his brothers and sisters. Because he was too young for his older cousins and too old for his sister and younger cousins Juan says he was a "loner" for most of his life. It is one of the main reasons why he decided to join Team PTT. He hoped that being a part of our team would push him to feel more comfortable with talking to new people every week as well as collaborating with new coworkers.

Juan and his wife will be celebrating their 5th anniversary this month on the 18th. They have a beautiful 4 year old daughter who is a ball of energy because Juan says that even in her sleep she won't stop moving around.

Juan's favorite movie has gone from the original Teenage Mutant Ninja Turtles, to Free Willie, to The Lion King, and to movies from Jet Li. It just depends on what he's interested in at the moment.

Just like with movies Juan does not have a favorite book, but he did enjoy reading *To Kill a Mockingbird*. Although, he says he hears a lot about this *50 Shades of Grey* trilogy that he might get into. Juan's favorite sport to play is baseball. He likes to draw, play a few instruments, and recently he's started flying toy helicopters as a hobby.

Labor Day – Office Closed

Labor Day is a celebration of the American labor movement and is dedicated to the social and economic achievements of workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of their country.

Grandparents' Day – Fun Fact: In 2004, the National Grandparents' Day Council of Chula Vista, California announced that *"A Song for Grandma and Grandpa"* by Johnny Prill would be the official song of the U.S. National Grandparents' Day holiday.

WALK NOW for Autism Speaks – 2014
